

CREATE INNOVATE PLAY

At Echo Horizon's
Maker and STEAM
Summer Camp

SESSIONS

June 17–21:
Lights, Cameras, Action! Camp

June 24–28:
Puppet-Palooza Camp

July 1–3*:
Zoom! Fizz! Pop! Camp

July 8–12:
Create a City Camp

*Camp is only three days because of
Independence Day and is prorated at \$240.

Cost: \$400
per session;
\$50 discount if you
register for all
four weeks.
Use discount code
4WEEKS.

DAILY SCHEDULE

8:00–8:30AM	Arrival/Check In
8:30–10AM	Morning Session 1
9:45–10:10AM	Snack/Recess
10:10–11:30AM	Morning Session 2
11:30–11:55AM	Lunch
11:55–12:25PM	Recess
12:25–3:00PM	Afternoon Session (guided project work)
3:00PM	Dismissal/Pick Up

Registration opens February 6, 2019
Visit www.echohorizon.org/summercamp
to register.

A great thing about our student-choice rich environment is that it enables campers to experiment with solutions to the problems they face, learning and refining as they develop their ideas. As they do this, they use core principles of design thinking, such as prototyping, testing and getting feedback, and redesigning. Although we emphasize process over product, our campers will make some very cool things!

-Dr. Sam Patterson, Maker/STEAM Coordinator

SESSION DESCRIPTIONS

WEEK 1: LIGHTS, CAMERAS, ACTION! CAMP JUNE 17-21

You can YouTube! This camp takes over The Cardboard Show, a YouTube channel made by kids. We will write, produce, and publish content to YouTube as a group. Students will write their own skits about friendship and use animation and stop motion to bring the stories to life. They will be building sets, recording soundtracks, and even editing video. Join us and see how the pros create the amazing videos you enjoy every day.

WEEK 2: PUPPET-PALOOZA CAMP JUNE 24-JUNE 28

Puppets are magic and so are you! There are so many ways to build puppets that we will be exploring a new one every day during puppet camp. From Muppets and marionettes to shadow puppets and giant wearable puppets, we will use sewing, papier-mâché, and cardboard to bring our creations to life and to the stage. Join us on the last day of camp for the Parade of the Puppets.

WEEK 3: ZOOM! FIZZ! POP! CAMP JULY 1-3

Science is hands-on and delightfully messy. This week will be filled with exciting experiments that help us understand how the world around us works. From rockets to reactions, we will be making things zoom, fizz, and pop. Join us for the fun, stay for the learning! Please note that this session is three days due to the July 4th holiday.

WEEK 4: CREATE A CITY CAMP JULY 8-12

Create the city of your dreams in this week-long exploration of buildings, streets, trains, people, and the designs that keep them all working together. We will build with paper, cardboard, wood, and plastic, using traditional and digital building techniques. We will even render our creations in virtual reality, so that we can view the houses we create as though they are already in our neighborhood.

We are an
NPS-certified school.

15%

of our students
are deaf or
hard-of-hearing (DHH).

There will be a DHH-
credentialed teacher in
each camp session.
