### One-on-one tutoring

We are excited to offer one-on-one tutoring for Echo Horizon students in the fall of 2020 during Echo Online. We believe that one on one tutoring for academic enrichment is of great value to any student. Your child will be assigned an Echo faculty member who is not their grade level teacher. The one-on-one teacher will consult with the parents/guardians and the grade-level classroom teachers before the tutoring package begins, in order to design an instruction plan specific to the needs of your child. We will sell these one on one sessions in packs of 5 and 10 and the family will arrange the appropriate dates and times with their assigned teacher. We leave it up to you to decide if you'd like daily support, 2 times a week, or 1 time a week sessions. Sessions will be 50 minutes.
