# Coding Smart and Social

Enjoy learning to program with your friends and the Scratch programming language. Our coding social club will allow you to level up your programming skills, share tips and tricks with your programming peers and connect to the wider world of kids making great stuff with block-based code. Come for the learning and stay for the friends!

Coding Smart & Social
Thursdays 4/8–6/3 (3:30–4:15/$243 for nine 45-minute classes)
Grades 3–6 with Dr. Patterson
